Acquirepad UK: first target accounts

Acquirepad is the AI-native operating system and data layer for the real estate industry. 27 buyers of UK commercial property scored on six dimensions, led by recent UK triggers.

Where I'd start

- **UK firms with new capital.** Martley, NewRiver, Chancerygate and Focus Industrial have a new fund, partner, owner or platform this year, so their systems are being chosen now.
- **UK managers buying often.** Clearbell and Greenridge do frequent small deals, each with its own IM and rent roll.
- **Continental buyers of small UK lots.** Edmond de Rothschild, Iroko, Corum and Remake. Many agent IMs per deal, small UK teams. Advenis, a French customer, is the reference.
- **First 30 days:** follow up every UK lead from London, contact the top 15 with a tailored note, and report weekly on any conversions.

#	Firm	Why it fits	Trigger	First move
1	**Martley Capital**	New regional office fund buying at pace, so a high volume of IMs to screen.	2026: launched the MCRO fund, with £500m gross investment targeted in 12 months.	Rory Finnan, head of transactions. A new fund can start on one shared layer.
2	**Edmond de Rothschild REIM**	Buys small UK lots fast, so screens a steady flow of agent IMs.	May 2026: target to deploy a further £100m in the UK within 12 months.	Gavin Munn, head of acquisitions UK. Many small lots means many IMs per deal won.
3	**Columbia Threadneedle Real Estate**	Consolidating UK property funds. Just took on Patrizia's UK fund and investors.	July 2026: merged Patrizia's Hanover fund into its UK trust, now about £1.5bn.	Ask Patrizia contacts for an intro. New investors and assets to bring onto one layer.
4	**Swiss Life Asset Managers UK**	UK team of about £2bn that buys and sells for funds and separate accounts.	January 2026: new co-CEOs took over the UK business.	Co-CEOs Tim Munn and Eduardo Illitsch. Route via Acquirepad's Swiss Life alumni.
5	**Iroko**	A quarter of its fund is UK, with a new London team to manage it.	March 2026: launched Iroko UK and appointed a head of UK.	Danny Al-Dilmi, head of UK. He is building the UK team and its tools now. In-house tech team. Ask what they build versus buy.
6	**NewRiver REIT**	Runs acquisition and asset management for capital partners. Retail specialist.	September 2026: new retail park partnership with two Singapore investors.	Runs on Yardi Voyager, which Acquirepad integrates. New partners need reporting.
7	**Chancerygate**	Multi-let industrial specialist with £1.2bn of assets and in-house development and asset teams.	July 2026: agreed sale to Canada's Dream, which brings new capital.	New owner Dream will want common reporting across the platform.
8	**Remake Asset Management**	The UK is its largest market. Buys small regional offices from agent IMs.	July 2026: bought 340 Deansgate, Manchester.	Paris investment team. Lead with IM reading: the Exposé Reader, in English.
9	**Focus Industrial UK**	New UK multi-let industrial platform that has just made its first portfolio buy.	May 2026: first UK purchase, 11 multi-let industrial assets for £55.4m.	Find the UK lead first. A platform this new is still choosing its systems.
10	**HIH Invest Real Estate**	German all-in-one manager, investment to property management, buying in London.	May 2026: bought WSP's London office on Chancery Lane.	Hamburg network intro. Lead on investment, where its London buying sits.
11	**Clearbell Capital**	Buys small industrial lots every few months, so screens many agent IMs.	May 2026: its largest deal yet, plus a £116m refinancing.	Rob West, managing partner. Frequent small deals, each with an IM and rent roll.
12	**Corum Asset Management**	Buys UK assets every quarter for its French funds.	May 2026: bought a Bournemouth hotel and a Stockport Asda.	Paris investment team. One layer across the UK and EU assets it buys each quarter.
13	**Patrizia**	German manager with a long UK record. Large, but a natural German reference.	October 2026: plans to raise £1bn for a new UK essential housing platform.	German network intro. A new £1bn UK platform needs shared data from day one.
14	**Greenridge Investment Management**	Buys and manages UK retail in-house, at entry prices.	October 2026: bought Bridgewater Shopping Centre, near Glasgow, £21m.	Two buys in 12 months for its Opportunity Fund. Ask how it screens regional IMs.
15	**Deka Immobilien**	German open-ended funds that buy prime London offices.	July 2026: bought Stirling Square, St James's, for about £220m.	German network intro. Links in-house asset managers to outsourced property managers.

- **Not on the list: existing customers.** Hines bought three UK retail parks in September 2026. Advenis launched its Eden SCPI with the UK as a target market. Both are expansion accounts.
